ALL EARS PRICK UP.

Towne Explains but Exposes not.

Congressman Makes Another Attack on the President in the House.

Alleges That Executive Went Over to Aldrich in Regard to Rate Bill.

Question of Veracity Raised With Every Public Character, He Asserts.

(BY THE ASSOCIATED PRESS-P.M.)
WASHINGTON, May 24.—Mr. Towne of New York, when he arose to address the House of Representatives, today under general debate on the Diplomatic Bill, was accorded an ovation by his associates on the Democratic side, a number of Republicans joining with them in giving him a friendly welcome.
When Mr. Towne came to an explanation of the press reports on the speech he delivered at Kansas City several weeks ago there was a pricking up of ears and a still closer attention paid him. He began deliberately:
"These reports were to the effect that I was to return to Washington for the purpose of 'exposing' the President of the United States." He denied that he said he would "expose" the President but said:
"ALLEGES UNFITNESS."
"There are many things that unfit him for a judicious, careful, just and deliberate discharge of high executive functions and under the impression of which he has time and again gone beyond the legal boundaries of his place."
"It is not pleasant to examine," he said, "and I shall not examine the question of veracity between a high executive officer, especially the President of the United States, and other honorable and reputable gentlemen. It is enough to say that it is exceedingly unfortunate that this particular executive has the misfortune to raise the question of veracity with every public character he has come in contact with during his administration."
"Does the gentleman mean to let that statement go into the record?" asked Mr. Payne. "Does not the gentleman wish to modify such a broad statement as that and say that 'nearly'?" said Mr. Payne.
"No," interposed Mr. Towne, "I will say that a very great many returns are not in."
"CHARGES COMBINATIONS."
"In the Senate of the United States combinations were made with some Republicans and many Democrats and we are informed on the record and it is seldom challenged by the other side—and which I believe is the truth—there was at one time arrived at an arrangement by which forty-seven or fifty votes, enough to pass the law, were assured to the President upon the basis of an amendment to the rate provision of the so-called Hepburn law providing for a restricted court review and for a suspension of inter-laboratory injunction."
"Within twenty-four hours after that agreement was reached, without notice to his allies, even to his ally in his own Cabinet, the Attorney-General, the settlement of that arrangement, which is now to be eminently satisfactory to the Senate from Rhode Island, whose opposition to the President has been one of the chief glories of the President in the estimation of his chief advisers in the country, had triumphed. The Democrats were thrown out."
"FOLLOWS ALDRICH'S CHARLOT."
"This taunting non-partisan rate legislation became a partisan Republican bill as far as they could make it one and the President of the United States, shorn of his barbaric, oriental power, like another Caracacus, mangled and humbled, followed the chariot of the Duke of Rhode Island."
"What is one of the results? Henceforth, our fight is against the Republican party and its iniquity, and Roosevelt is out of the way. He has repudiated his Democratic allies and he is now bound hand and foot to the coterie at the other end of the capitol that dominates the Republican policies in that body and he can never again set independently of his party, having abdicated formally and submitted himself to the party yoke."
The Democrats crowded about the speaker as he concluded, shaking his hands.
DALZELL ON TARIFF.
Representative Dalzell of Pennsylvania was warmly applauded as he rose to speak on the tariff at the conclusion of the speech by Mr. Towne. Mr. Dalzell declared that wages have risen twice as much as the number of wage earners.
Mr. Tucker of Missouri wanted to know if prices of living had not ad-

GOES VIA CELLAR.

Congressman Huff Escapes.

Pennsylvania Representative Evades Subpoena Server from Philadelphia.

His Testimony Relative to Offers of Coal Stock to Railroads Wanted.

Commerce Commission Gets Additional Evidence of Discrimination Made.

(BY THE ASSOCIATED PRESS-P.M.)
PHILADELPHIA, May 24.—The Interstate Commerce Commission today received a telegram from a process server who went to Irwin, Pa., the home of Congressman George F. Huff, who, it has been repeatedly testified, made offers of stock in various coal companies to railroad officials.
The telegram stated that the officer was unable to serve the subpoena upon Huff, as the latter locked himself in his house and evaded the servers by escaping by the way of the cellar.
It was learned later that he had left town.
PHILADELPHIA, May 24.—Additional evidence of discrimination by the Pennsylvania Railroad in the distribution of cars in the soft coal field was presented to the Interstate Commerce Commission today.
John Lloyd, a banker and coal operator of Altoona, who is one of the members of the banking firm of Cassatt & Co., testified that the Columbia Coal Company was forced to sell the Alexandria mine because of the shortage of cars.
George E. Scott of the Puritan and Crescent Coal companies declared that he paid for the use of railroad cars when he failed to secure his allotment and that during a period of twenty-three days the railroad had furnished him only one car. He also asserted that Michael Trump, general superintendent of transportation, had told him the company intended to protect the Berwind-White Company at all hazards.
During the time that Mr. Lloyd was on the stand counsel for the commission made persistent efforts to force an admission that he had been associated in a business way with President Cassatt. Mr. Lloyd, however, said that his only relations with Mr. Cassatt were through Cassatt & Co., with whom President Cassatt carried a special bank account. A railroad company had for many years been a depositor with the First National Bank of Altoona, of which Mr. Lloyd is president.
Mr. Lloyd also gave testimony concerning the organization of various mining companies in which he is interested, stating that he considered it good business policy to have railroad men among the stockholders of the coal companies.

(BY DIRECT WIRE TO THE TIMES.)
OAKLAND, May 24.—[Exclusive Dispatch.] Mechanics' tools which were purchased in the East by Gen. H. G. Otis with money from The Times Relief fund and expressed to Hon. James D. Phelan, chairman of the Finance Committee at San Francisco to be distributed to needy mechanics wishing to work at rebuilding the burned city, are arriving in large numbers.
Immediately upon arrival the tools are hauled to Moulder School, corner Page and Gough streets, which is the temporary army warehouse, and the tools are being carefully guarded and will continue to be until all have been distributed. It was the original intention to announce the contemplated distribution in the local papers this morning but owing to a delay in getting the office supplies and blanks, the announcement was postponed one day.
Tomorrow morning news of the generous gift of the citizens of Los Angeles and the Southwest, through The Times Relief Fund, will be heralded broadcast and the expectations are that a grand rush to secure tools will be made by needy mechanics.
The receiving of applications and distribution of tools will be under the direction of Hon. James D. Phelan, who will be assisted by Lewis Spare, manager of The Times' staff, the latter arriving from Los Angeles tonight for that purpose.
The tools will be distributed to individuals, needy workmen, and special efforts will be made to prevent discrimination against independent or non-union mechanics and walking delegates and arrogant labor unions will not be permitted to interfere.
Application will be received in writing accompanied by letter of recommendation from applicant's last employer. After a thorough investigation has been made the worthy mechanic will receive an order on the army warehouse for the necessary tools.
These tools were purchased in many cases from the manufacturers, direct, and in all cases at not to exceed wholesale prices. The total purchases amount to \$10,000 and include 800 kits or sets of carpenters' tools, and also plumbers, stone masons, bricklayers and machinists' tools to the value of \$3000. The total consignment was shipped from various points, freight free, by Wells, Fargo & Co.'s Express.
This fine action on the part of that company was secured through the intervention of H. E. Huntington, now at No. 25 Broad street, New York City, to whom Gen. Otis wired, asking that assistance. The orders to purchase were sent by wire and mail through A. Hamburger & Son of Los Angeles and New York.
WILL SCALE ANDEAN HEIGHTS.
Miss Annie S. Peck of Providence to Find Elevation of Mount Huascarán.
(BY THE ASSOCIATED PRESS-P.M.)
NEW YORK, May 24.—A daring mountain climbing exploit is planned by Miss Annie S. Peck, the famous woman Alpinist of Providence, R. I., who sailed from here today for Colon.
Alone, except for such natives of Peru as she selects for herself, Miss Peck will attempt to climb Mount Huascarán, said to be the highest peak in the Andes Mountains. She will make the climb equipped with scientific instruments with which to determine whether Huascarán is of greater altitude than Mount Illimpu, which has an estimated height of 21,500 feet.
In 1904 Miss Peck made an attempt to ascend Huascarán but did not succeed, and lays the blame for the failure in part to the presence of two men's climbers who formed a portion of her party and who refused to proceed all the way to the top.
She is planning, on the present climb, to equip the native guides with Requinax clothing as a protection against excessive cold, for upon reaching a height of 19,000 feet on her climb, the temperature was 60 degrees below zero.
Miss Peck has no fears for her own safety or health, she said today, and feels as if she had "determination enough to take her up twenty Huascarans."
RAIN FALLING AT REDDING.
REDDING, May 24.—Rain began falling here at noon today. Tonight, there is a heavy precipitation all over the country. The crop prospects are good.

CONGRESSMAN HUFF.

MILITARY CONTROL IN MANCHURIA ENDING.

TOKIO, May 24.—[Exclusive Dispatch.] A statement, evidently inspired, is made to the effect that the military party suffered a defeat at Tuesday's meeting of the High Council, the council coming to a unanimous decision to abolish the military administration in Manchuria and open the door to foreign trade at the earliest possible moment. The statement says that Japan has no intention of availing herself of preferential privileges in commerce or industries.

Dispatches from Korea say that rigors in the province of Ching Chyong, who style themselves the Righteous Army, repulsed a force of Japanese gendarmes last Monday. These rioters are armed with guns and rifles. A neighboring Korean garrison declined to help the Japanese.

CANT' OVERTURN ZULUS.
(BY DIRECT WIRE TO THE TIMES.)
PRETORIA, May 24.—[Exclusive Dispatch.] The Natalian force, which is attempting to deal with the rebellious Zulus seems to be unable to perform the task. The difficulties of the country and the growth of dissatisfaction will almost certainly compel imperial help. The imperial troops nearest the scene of trouble have been warned to be in readiness to take the field.

Manager of Theatrical Company in Washington Objects to Noise Made by Team.

BY THE ASSOCIATED PRESS-P.M.

WASHINGTON, May 24.—Clarence T. Boykin, manager of the Odette Tyler Company, playing at the Belasco Theater, was arrested last night on the charge of disorderly conduct as a result of an altercation with the coachman of President Roosevelt's carriage.

The hoof beats of the horses disturbed the performance, and when the coachman refused to drive a little distance away Boykin attacked him.

Neither President Roosevelt nor Mrs. Roosevelt was in attendance at the theater, the carriage being used by guests at the White House.

ALCOHOL BILL GOES THROUGH.

Senate Indorses Removal of the Revenue Tax.

Denatured Article on Free List January First.

Agricultural Measure Still Is Pending Action.

WASHINGTON, May 24.—After considerable debate today the Senate passed the bill removing the internal revenue tax from denatured alcohol, and then took up the Agricultural Appropriation bill, which was still under consideration when the Senate adjourned.

The discussion of the alcohol bill turned largely upon the effect of the legislation on the manufacture of wood alcohol, which Senator Aldrich asserted would be greatly injured. Senator Hale, on the other hand, contended that the bill would have no effect on the production of wood alcohol, but would tend to increase the production of denatured alcohol.

The so-called Free Alcohol Bill was reported from the Committee on Finance. The bill already has passed the House, and the amendment which the Senate has adopted does not materially change its scope. It does not go into effect until January 1, 1920. There was some doubt as to the measure, and the necessity for the amendment explained.

The bill was passed without division. The only amendment to the bill in the Senate was one providing that the denaturalization provided for shall be done "upon the application of any registered distiller of denatured alcohol, bonded warehouses especially designated or set apart for denaturing purposes only."

PENSIONING EMPLOYEES.

In the consideration of the Agricultural Appropriation bill, Mr. Hale criticized the provision permitting the Secretary of Agriculture to extend to thirty days the fortnightly leave now allowed to employees outside the city of Washington, expressing the opinion that the practice is growing rapidly, and that it would be better to provide for the government if not checked.

He spoke of the general demand for government employment, saying that such employees became a "hungry, persistent band of marauders," and that Congress is importuned to move them about by the government, and to subordinate them to the possibility of pensioning government employees.

Senator Patterson said he did not defend a general pension system, but that there is a good reason for granting retirement pensions to military and naval employees, and for granting retired pay to the Federal judges and military and naval officers.

There was also considerable discussion of the amendment authorizing the purchase of samples of all serums and anti-toxins for the cure of animals, and it was denounced by Mr. Hale as an unnecessary step in the direction of paternalism.

Senator McCumber supported the proposal, which was agreed to. The consideration of the bill had not been concluded when the Senate adjourned.

The following bills were passed by the Senate today: Providing for the preservation of antiquities on the public lands; authorizing the construction of a new lock at the Port of San Francisco under the supervision of the Secretary of War.

ORATORY IN THE HOUSE.

Well-filled galleries and a large membership on the floor testified with great attention today in the House to two leaders of opposite schools of politics—Representative Charles A. Towne of New York and Representative John Dalzell of Pennsylvania.

Mr. Towne was in splendid voice, and the Democrats applauded him to the skies. His strictures on the President were received with continued clapping on the Democratic side, and when he read the President out of the Democratic party the minority applauded.

Mr. Dalzell, who followed Mr. Towne, spoke in favor of "letting well enough alone," his speech being enthusiastically applauded by the Republicans.

Nothing of a legislative character was accomplished by the House today, the day being given over to the oratory of the two leaders.

Speaker Cannon, with the memory of yesterday's proceedings in his mind, took a new tack today, and the House adjourned at 12:30.

ONE VISIT IS NOT ENOUGH.

BY THE ASSOCIATED PRESS.—P.M.

WASHINGTON, May 24.—

Thoroughly imbued with the advantages to be gained by a study of its people and institutions, His Highness, Maharajah Gekwar of Baroda, will pay a second visit to the United States, at which time he can make his investigations more complete.

Before leaving America His Highness will visit Colorado and proceed as far west as San Francisco, although he felt that his trip might be curtailed on account of heat.

At the White House, and apparently he is much concerned as to the outcome.

As to the result of the President's inquiry, an attempt was made today to ascertain how the Senate stands on the question of canal type. There were too many absentees to make a decisive vote, but it was learned that several Senators who had been counted upon to support the administration programme will vote for a sea-level canal.

Secretary Taft has informed the Senate that if the type of canal determined by Congress the President will not hesitate to proceed with the plans for a lock canal recommended by the minority of the board of consulting engineers.

Officials charged with the direction of canal affairs believe that the House will approve the lock canal programme for a lock canal which would cost much less and take far less time to build than the sea-level canal. With the two houses at odds, it appears that the administration plan must be successful, as the President was informed by Senate leaders that Congress would not be held long in session to contest the question.

DRAWBACK BILL SEEMS DOOMED.

BOSTON PRECEDENT STANDS IN WAY OF SUCCESS.

Senator Aldrich Believes That the Measure Is Unconstitutional as Law Declares All Duties Shall Be Uniform Throughout the United States, and Further Says Danger in Act.

BY DIRECT WIRE TO THE TIMES. WASHINGTON, May 24.—(Exclusive Dispatch.) Senator Aldrich today told Representative Needham that neither the Finance Committee nor the Senate would pass the drawback bill for relief of San Francisco, in his opinion.

Aldrich cited as the reason for this belief that he and a majority of the Senate regard the drawback proposition as contrary to the constitutional provision that import duties shall be uniform throughout the United States, and also that it would be a bad precedent.

In support of his position, the chairman of the Finance Committee told Needham the report from the Judiciary Committee on the Boston relief bill, similar to the California proposition, settled the question, so far as the Senate is concerned.

"This report," said Needham, afterward, "was drawn by Matt Carpenter. It held the bill for drawbacks on building material to be unconstitutional. Similar bills for the benefit of Chicago and Portland, Me., are sufferers, which already had passed, were put in the same category. Five members of the Judiciary Committee at that time had been on it when the Chicago drawback bill was passed. A great change of sentiment resulted, and the bill was rejected."

Mr. Needham said that the bill for the California drawback proposition in debate as unconstitutional. Senator Thurman of Ohio, who introduced it, and so did Bayard of Delaware.

"Aldrich further told me that the decision in the Boston case was enough to settle the matter. When an effort was made by Baltimore, after the great fire there, within two years, to have the drawback allowed on building materials, when Baltimoreans were told of the Boston precedent they abandoned the drawback idea. From what Aldrich told me, I am satisfied there is no chance of getting the California drawback bill through the Senate, even if it is passed by the House."

"However, we have not abandoned our efforts. Chairman Payne of the Ways and Means Committee is looking into the matter, and the House will pass it."

CONTEST BY GOVERNMENT. PRIVATE SHIPYARD AHEAD. BY THE ASSOCIATED PRESS.—P.M.

WASHINGTON, May 24.—The delivery Tuesday at Norfolk to the government of the completed battleship Louisiana of 16,000 tons, built by the Newport News Shipbuilding company, and port news shipbuilding company, and the struggle that has been going on nearly three and a half years, to determine whether the government could build at a navy yard a warship as quickly as it could be constructed in a private yard.

The Louisiana was delivered ready for service, probably some months in advance of the Connecticut.

The Louisiana cost the Navy Department \$2,822,000, while the Connecticut already has consumed all of the total appropriation of \$4,212,000, and her builders have asked Congress for \$280,000 more.

CONFERENCE ON OIL MATTERS. PRESIDENT, GARFIELD, MOODY. BY THE ASSOCIATED PRESS.—P.M.

WASHINGTON, May 24.—An important conference was held at the White House last night, at which President Garfield, Attorney-General Moody and James R. Garfield, commissioner of corporations, were present.

It is understood that the conference was held to discuss the connection with some features of the recent report on the oil industry by Mr. Garfield the question considered was whether a legal remedy is to be applied in the case of the oil industry, when finally passed, will not furnish a remedy for some of the matters complained of in Mr. Garfield's report. It is stated that no action was decided on, as Mr. Moody had not yet thoroughly examined the report.

ANTIQUITIES TO BE SAVED. BILL AGAINST RELIC HUNTERS. BY THE ASSOCIATED PRESS.—P.M.

WASHINGTON, May 24.—A measure for the preservation of American antiquities, which has been introduced in the Senate, has been ordered reported favorably by the Senate Committee on Public Lands.

Under the bill any person who shall appropriate, excavate, injure or destroy any historic or prehistoric ruin or monument, or any object of antiquity situated on the lands owned or controlled by the United States, upon conviction, shall be subject to a fine not exceeding \$500, or imprisonment for not more than one year, or both.

It is intended that the President, by proclamation, shall declare historic landmarks, historic and prehistoric structures, and other objects of historic or scientific interest that are situated on Federal government lands to be national monuments.

WASHINGTON BRIEFS. To Reduce the Peso. WASHINGTON, May 24.—The bill providing for a reduction in the weight and fineness of silver used in making the Philippine pesos was reported favorably to the Senate today. At present, the peso is worth more as silver than as currency.

May Sell Land for Cemeteries. WASHINGTON, May 24.—The Senate Committee on Public Lands has recommended the passage of a bill authorizing the Secretary of the Interior to sell parcels of land exceeding forty acres for cemetery purposes.

Newlands Leaves for West Coast. WASHINGTON, May 24.—Senator Newlands, of Nevada, will leave in a few days to look after his interests in San Francisco, which were so seriously affected by the earthquake and fire. Senator Patterson, of Colorado, will be made a conferee on the Statehood bill, in place of Senator Newlands.

Coal Land Laws Apply to Alaska. WASHINGTON, May 24.—The coal laws of the United States are made applicable to Alaska, and particularly under a bill which has been ordered reported favorably by the Senate Committee on Public Lands. The bill will authorize the development of these lands. As passed by the House, the associations were authorized to develop 1250 acres.

April Commerce of Huge Volume. WASHINGTON, May 24.—The foreign commerce of the United States for April aggregated \$251,000,000, of which \$107,000,000 was in imports and \$144,000,000 in exports. These figures are given in a bulletin issued by the Bureau of Statistics, which was prepared in one previous April in the history of the export trade has the total of the exports for the month reached as much as \$200,000,000.

To Add Lighthouses on Coast. WASHINGTON, May 24.—The Senate Committee on Commerce today voted to report the House Omnibus Lighthouse bill and added the following: Cape Hinchinbrook, Alaska, \$15,000; highhouse tender, Hawaiian Islands, \$15,000; highhouse tender, California, \$13,000; highhouse and fog signal, Red Rock, San Francisco, \$25,000.

Will Appropriates for Look Canal. WASHINGTON, May 24.—The Sunday Civil bill, when reported to the House, will appropriate for the Look canal on the basis of lock construction. Chairman Tawney of the Appropriations Committee being convinced of the necessity of the canal, the House favors that type of canal.

SUFFRAGIST BARRICADES. English Woman Noted for Her Desire to Vote Harangues Throng and Thrusts Officials. BY THE ASSOCIATED PRESS.—P.M.

LONDON, May 24.—Mrs. Dora Montefiore, one of the leading women suffragists, under whose lead many women have pledged themselves not to pay taxes until they have secured the right of suffrage, was today in the city, haranguing a great crowd of women suffragists from the second story of a house near London today. She surrounded herself with a large body of supporters, and the police were obliged to clear a path for her.

She is situated near the Thames, not far from Hammersmith, and is barricaded and surrounded by a large body of supporters, and the police were obliged to clear a path for her.

CHURCHES IN CONJUNCTION.

Branches of Presbyterian Tree Grow Together.

Two Lone Ministers Cause a Big Sensation.

Stand Up in Conference and Voice Objections.

DES MOINES (Iowa) May 24.—"I do solemnly declare and here publicly announce that the basis of reunion and union is now in full force and effect, and that the Cumberland Presbyterian church is now reunited with the Presbyterian church in the United States of America as one church."

With these words uttered before the general assembly today Moderator Hunter Corbett officially established the union of the Cumberland church with the Presbyterian church in the United States.

Yesterday a telegram was received from Decatur, announcing the adoption of the joint resolution by the Cumberland church. At the opening session of the Des Moines assembly the action was taken and messages to that effect were dispatched to Decatur.

The most intensely dramatic scene of the ceremonies attending the formal union of the churches stood by the union of the two churches. The action was taken and messages to that effect were dispatched to Decatur.

UNION THUGS GETTING BUSY.

NOW READY TO MURDER MEN WHO TAKE THEIR PLACES.

Sneaking Tomatoes Attack Big Party of Laborers on the Way to Work in Coal Mines—Seven Skulks Fired Upon by Guards—Two Miners Resume in Eastern Ohio.

SMITHFIELD, (O.) May 24.—The war in the eastern Ohio coal fields is on. After a night of almost constant firing in the hills, the Plenum mine was opened this morning for the first time in seven weeks.

The non-union miners, 125 strong, marched down the hill towards the pits under heavy guard. They were greeted by a fusillade from the bushes. The bullets whistled among the trees and imbedded themselves in the coal cans on the Cleveland and Pittsburgh railway siding. The strike breakers hurried to cover. The fire was directed in which the mine is situated is heavily overgrown with underbrush and the guards and non-union men by stockades. Machine guns were almost totally concealed.

All preparations are being made for active hostilities. Two great naval searchlights have been put in place, one at the guard tent and the other at the coal tipple in the hollow. They will command three miles of surrounding territory and are so arranged that they cover the sweep of the Maxim gun.

A party of four guards stationed at a cottage where thirty non-union miners were sleeping during the night, discovered a group of seven men crawling through the high grass toward the dwelling. They emptied their revolvers and rifles and signaled for help. The men had vanished before the guards could reach them. They were almost totally concealed.

They emptied their revolvers and rifles and signaled for help. The men had vanished before the guards could reach them. They were almost totally concealed.

All preparations are being made for active hostilities. Two great naval searchlights have been put in place, one at the guard tent and the other at the coal tipple in the hollow. They will command three miles of surrounding territory and are so arranged that they cover the sweep of the Maxim gun.

A party of four guards stationed at a cottage where thirty non-union miners were sleeping during the night, discovered a group of seven men crawling through the high grass toward the dwelling. They emptied their revolvers and rifles and signaled for help. The men had vanished before the guards could reach them. They were almost totally concealed.

CHURCHES IN CONJUNCTION.

Branches of Presbyterian Tree Grow Together.

Two Lone Ministers Cause a Big Sensation.

Stand Up in Conference and Voice Objections.

DES MOINES (Iowa) May 24.—"I do solemnly declare and here publicly announce that the basis of reunion and union is now in full force and effect, and that the Cumberland Presbyterian church is now reunited with the Presbyterian church in the United States of America as one church."

With these words uttered before the general assembly today Moderator Hunter Corbett officially established the union of the Cumberland church with the Presbyterian church in the United States.

Yesterday a telegram was received from Decatur, announcing the adoption of the joint resolution by the Cumberland church. At the opening session of the Des Moines assembly the action was taken and messages to that effect were dispatched to Decatur.

The most intensely dramatic scene of the ceremonies attending the formal union of the churches stood by the union of the two churches. The action was taken and messages to that effect were dispatched to Decatur.

UNION THUGS GETTING BUSY.

NOW READY TO MURDER MEN WHO TAKE THEIR PLACES.

Sneaking Tomatoes Attack Big Party of Laborers on the Way to Work in Coal Mines—Seven Skulks Fired Upon by Guards—Two Miners Resume in Eastern Ohio.

SMITHFIELD, (O.) May 24.—The war in the eastern Ohio coal fields is on. After a night of almost constant firing in the hills, the Plenum mine was opened this morning for the first time in seven weeks.

The non-union miners, 125 strong, marched down the hill towards the pits under heavy guard. They were greeted by a fusillade from the bushes. The bullets whistled among the trees and imbedded themselves in the coal cans on the Cleveland and Pittsburgh railway siding. The strike breakers hurried to cover. The fire was directed in which the mine is situated is heavily overgrown with underbrush and the guards and non-union men by stockades. Machine guns were almost totally concealed.

All preparations are being made for active hostilities. Two great naval searchlights have been put in place, one at the guard tent and the other at the coal tipple in the hollow. They will command three miles of surrounding territory and are so arranged that they cover the sweep of the Maxim gun.

MAKE HIM PROVE IT

MR. LONG CLAIMS THAT THE

Frank N. Long

PIANO IS "UNEQUALLED" IN TONE.

TRIES TO SLAY WIFE AND SELF.

FLORIST'S FIT OF ANGER MAY
END TWO LIVES.

Michael Cerepas Fires Two Bullets Into Face and Neck of Mate Who Was Seeking Divorce and Speeds Another Ball Into His Own Mouth—Dead Premeditated.

Michael Cerepas, a flower peddler, shot his wife yesterday in an attempt to murder her and then fired a bullet into his own mouth. The man and woman are at the County Hospital, and both may die. The scene of the shooting was at the home of the woman, No. 1009 East Fortieth street.

While Cerepas is a Hungarian, his wife is a German, and is many years younger than her husband, he being 45 and she 35. They have had many difficulties, and some time ago decided to divide their flower-garden on East Fortieth street, each taking half. Since then the wife has taken steps to secure a divorce and things have gone from bad to worse.

Yesterday morning Cerepas went to the house and, calling his wife to the door, he drew a revolver and shot her in the face, quickly following with another shot. One bullet struck her in the cheek and the other in the neck, and she fell into the house, followed by the irate man, who fired a third shot at her, but missed.

In her terror the woman fell to the floor, and as she attempted to crawl away Cerepas is supposed to have fired a fourth shot at her. He seemed to have felt satisfied that he had killed her, and then he turned the revolver in his mouth, he sent the fifth bullet into his own head, and fell to the floor.

Among those attracted by the shooting was a small boy, who ran to the house of "Jack" Adams, a deputy constable, and the latter hastened to the place of the shooting, and took the wounded man into custody. In an automobile he rushed the prisoner to the Receiving Hospital, where it was found the bullet had lodged back of the frontal bone.

When the police had been notified and the ambulance reached the house, after Cerepas had been taken away. The wounded woman was found in the cloth-covered hotchbox in the rear of the residence, whether she had crawled to escape her husband. She was taken to the hospital, while the surgeons were endeavoring to locate the bullet in her husband's head.

While her wounds are of a serious nature, there is a chance of her recovery, and after they were dressed she was sent to the County Hospital, with one of the bullets lodged in the back of her neck.

The would-be murderer relapsed into unconsciousness soon afterward, and lay so most of the day. Late in the afternoon there was a serious hemorrhage, but he was sent to the County Hospital, and ordered placed in a cell.

Cerepas left two letters to his wife, one to her mother, and the other to a friend named Lorena. In both he expressed the sentiment that he could not be happy without his wife, and therefore, he thought best that both should die. In a talk with Roth at the hospital he expressed the same desire.

GUARD HELD ON MURDER CHARGE.

SAN FRANCISCO SHOOTING RECALLED BY ARREST.

Defenses Refugee Who Had Been Chasing Chickens Which Had Broken Away Is Shot by Alleged Lieutenant and His Body Thrown Into the River.

BY THE ASSOCIATED PRESS—A.M. DENICO, son of E. J. Denico, a wealthy San Francisco banker and capitalist, was arrested at his home, No. 5031 California street, this afternoon and charged with murder. He was later released on \$5000 bonds.

On Friday afternoon, April 26, Denico, wearing the uniform of a lieutenant of the United States army, shot and killed an unknown man on the Lombard-street wharf. He is now being awaited by the police. He is now being awaited by the police. He is now being awaited by the police.

Denico is a well-known young mining engineer who has seen military service in the Philippines. On the night of the earthquake he donned his old uniform and volunteered his services to the colonel of the Twenty-second United States Infantry. His tender was accepted and he was detailed on duty along the water front.

On Friday afternoon, a coop of chickens was liberated on the Lombard-street wharf, and a number of refugees scrambled after the fowls and one of these, evidently a middle-aged man, was accosted by a drunken marine who stabbed the man with a bayonet.

The refugee succeeded in wresting the gun from the marine, when an army officer rushed up, and according to stories told the police by eye witnesses of the affair, deliberately shot the man three times while he pleaded for mercy.

The man did not die immediately, but it is alleged was allowed to lie on the wharf until, about 10 o'clock, it was then discovered that the man was dead and his body was thereupon weighted and thrown into the bay. No report of the death was made to the coroner, and it is alleged that no report of the occurrence was made at military headquarters.

For a long time the identity of the officer who did the shooting was shrouded in mystery.

The police now are dragging the bay in the vicinity of the Lombard-street wharf was identified today as that of D. O. Callahan, a miner who succumbed to the heat while engaged in fighting the fire.

ACCUSES TILDEN'S COMPANION. Thomas Leroy Edner, member of the Citizens' Patrol, was the best witness so far called for the defense of Vance, Boyton and Simonds, whose preliminary examination for the murder of H. C. Tilden was continued before Police Judge Shortall this morning. Edner's testimony supported the theory advanced by the defense, which is that Tilden was killed by a five-year-old girl, three robberies and minor offenses. He was janitor of the school which the little girl attended.

Deputy Sheriff Call of Riverside county has come after Clayton.

IF YOU ARE PARTICULAR ABOUT QUALITY SEE MACHIN

124 SOUTH SPRING STREET HIGH GRADE SHIRT MAKERS

GIRL MURDERER MAY BE INSANE.

DEFENSE OF JOSE TERRANOVA RESTS ITS CASE.

Much Conflict Is Shown in Testimony—Brother-in-Law Wanted Money to Annul Marriage—Expert Says That Treatment of Defendant Would Make Her Irresponsible.

BY THE ASSOCIATED PRESS—P.M. NEW YORK, May 24.—The defense of Josephine Terranova rested its case today.

The prosecution began its rebuttal by calling Asst.-Dist.-Atty. Cardosa, who took Josephine Terranova's statement when she was arrested. She told the witness that on that occasion her "heart told her" to kill her uncle and aunt. She said nothing about the voice of God prompting her, as she claimed it had during her testimony at the trial.

Next Mr. Eli, who conducted the prosecution, read part of an affidavit of Giuseppe Terranova, the girl's husband, which the jury had heard, and which the prosecution called a "boomerang." It stated that when Terranova had gone to the girl's family for an annulment of their marriage, her brother-in-law had asked \$500 as the price of such action. Giuseppe had said that he did not have that amount of money, and so, the affidavit declared, Josephine killed him.

Dr. Frank McGuire, who was called by the prosecution, caused surprise by giving testimony similar to that of the witness that on that occasion her "heart told her" to kill her uncle and aunt. He said that she was not able to distinguish between right and wrong when she killed her aunt and her uncle. The case was adjourned until tomorrow.

HOTEL RUNNERS SHOT. SAILORES' QUICK VENGEANCE.

PORT TOWNSEND (Wash.) May 24.—Charles Gunderson and Harry Stuble, sailor boarding-house runners, were shot in the head by members of the crew of the British ship Morven yesterday. Both were in a boat returning ashore from the Morven when they were overtaken by a boat from the ship. Without warning the firing commenced, Stuble being the first to be hit, causing a flesh wound. Three of the Morven's crew were in the boat with Gunderson and Stuble when they were shot. Stuble's condition is serious. The entire crew of the Morven will be arrested.

As the result of the shooting Hugh Williamson, boatswain, and Benjamin Franzen of the British bark Morven were today arrested, charged with assault to commit murder.

CONVICT ESCAPES. FOLSON TRUSTEE WALKS AWAY.

SACRAMENTO, May 24.—John Brown, serving nine years for burglary, committed in Alameda county, escaped from Folson prison at 4 o'clock this morning.

Brown, although a third term, was a "trustee" assigned to the power-house. He walked from the prison grounds without hindrance. He did not wear the convict garb, being permitted to wear overalls and tumper, such as are worn by engineers and firemen and this made his escape easy. His term would not have expired until August 20, 1930.

Brown is described as a tall, bald-headed man, but the description furnished Sheriff Reese by the prison authorities does not go into details.

CITY MARSHAL ALLEGED FIEND. California Official Is Accused of Assaulting Little Girl While Janitor of School.

TACOMA (Wash.) May 24.—J. G. Clayton, City Marshal of San Jacinto, Cal., is under arrest here on charges from California accusing him of assaulting a five-year-old girl, of three robberies and minor offenses. He was janitor of the school which the little girl attended.

Deputy Sheriff Call of Riverside county has come after Clayton.

THREATENS HIS WIFE. Book-keeper Saulmon Arrested for Disturbing Peace in Quarters With Woman on Street.

M. P. Saulmon was arrested and locked up yesterday, charged with disturbing the peace. He went to an East

Second-street cigar shop, where his wife was at work, and after calling her outside, he is alleged to have threatened to kill her and everybody else in sight. When employees of the establishment went to the door, Saulmon made a motion as if to pull a gun, at the same time making threats. One of the men threw a hammer at him. Saulmon threw it back with great force, but struck no one. Officers Allen and Harris then arrested Saulmon.

The couple were married several years ago at Evansville, Ind., when Saulmon was but 17 years old, and his bride 18. They have not been living together here. Saulmon has been working for Bishop & Co., as a book-keeper, while his wife has earned her own way by rolling cigars.

NOTED ARTIST MURDERED. London Painter Killed in His Room Because He Surprised Gang of Bank Robbers.

LONDON, May 24.—Archibald Wakeley, an artist and a regular exhibitor at the Royal Academy, was found murdered in his rooms at Baywater today. The front of his shut was battered in, but the weapon used was not found.

The police theory is that the murderers entered the premises with the object of gaining the basement and thence digging an entrance into the vaults of a bank situated next door, but they were intercepted by Wakeley.

Another banking institution was robbed in a similar manner last week, the burglars getting off safely.

HAGGERTY SELECTS CREW. There Will Be Plenty of Weight in the Sixteeth That Will Defend the Catholic Colors.

St. Vincent's rowing crew had its first try-out of the season yesterday at Playa del Rey, and Coach Haggerty is enthusiastic over the prospects of a great season at the oars. There was not much work done, the crew merely putting the barge into the water and taking a spin over the course a few times to try their muscles.

From now on the crew will pay strict attention to work and will get into training for the big regatta of July 4, when at least three crews will compete.

The crew this year has excellent material, and has been selected for its fitness rather than for choice in athletics. This in its selection the baseball squad has not been touched. The make-up of the six is as follows:

Stroke—Phelps, weight 151 pounds, eight feet.
No. 2—McDonald, weight 185 pounds, height 6 feet.
No. 3—Andrews, weight 183 pounds, height 5 feet 11 inches.

NO EXCUSE FOR CATARRH Worst Cases Quickly Cured By Breathing Hyomei.

There is really not the slightest excuse for anyone having catarrh, now that Hyomei is so widely known and so easily obtained. The worst cases of catarrh are quickly cured, simply by breathing the remedy through the pocket-inhaler that comes with every outfit.

Used in this way for a few minutes four times a day, every particle of air that reaches the nose, throat and lungs is laden with germ-killing and health-giving Hyomei.

The sale of the old-fashioned stomach remedies for catarrh has been reduced to almost nothing since the introduction of Hyomei. Druggists will tell you that their sales on this out-of-date line have fallen off at least two-thirds in the last two years, while the demand for Hyomei has increased as its curative powers become more widely known.

The complete outfit, consisting of a neat pocket inhaler, a medicine dropper and a bottle of Hyomei costs only one dollar, while extra bottles can be obtained for 50 cents, making Hyomei the most economical, as well as the most reliable method for curing catarrh.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write today for free sample bottle and consultation blank that will entitle you to the services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

Let's Go to Lane's UNDERMUSLIN SALE TODAY

They give L. A. Green Trading Stamps with every purchase of 10 cents or over. These stamps, which accumulate surprisingly fast, can be exchanged for handsome premiums. Have you started a stamp book yet?

MONEY TO LOAN-[illegible]

BARONET RAKES HAY IN FIELD.

RIVERSIDE HAS DISTINGUISHED QUEST AT HOTEL.

Sir Arthur Rake Makes Rural Residence Gasp by Going to Work Like a Farm Hand—Though Clad in Nobly Garments the Nobleman Pulls Off His Coat and Bells in.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
RIVERSIDE, May 24.—Riverside has a distinguished visitor in the person of Sir Arthur Rake, K.C.B., who is a guest at the Holyrood. Sir Arthur is a Scotch baronet and is also an English peer of the realm, a Knight Commander of the Bath, and the feudal lord of a Scottish manor, "Castle Rake." He registers from London, Eng., but his name is an ancient Scottish clan title, and is pronounced "Rake."

The baronet is of medium height, wears natty London togs, and is quite English and athletic in his appearance. "Dave" (Dave) Cochrane, mine host of the Holyrood, tells this little anecdote, illustrative of the ways of the English peerage as compared with the manners of the land of the free. Sir Arthur went to the Holyrood, a member of the British colony here, one day, and discovered his host out in the alfalfa field. Sir Arthur, who was attired in full English riding togs, a most elaborate get-up, in an unmistakable way, the London tailor. One item of his expensive attire was a pair of Russian morocco boots.

"The garments and boots were beautiful," said Dave. "But, Lord bless you, that didn't phase that titled Englishman a bit. He pulled off his coat, picked up a rake, and went to work like a day laborer. There was a nearby field all wet and muddy with irrigation, but he strode through it with those beautiful boots, and went to work like a man. Yet people talk about the pride of the peerage."

PLANS RAILROAD TO CANE CREEK.

SOUTHERN PACIFIC LIKELY TO BUILD FROM PHOENIX.

Branch Line Proposed Would Tap Mining District Where Many Ledges of Low Grade Ore Are Located. Colorado Capitalists May Establish Long Power System from Gallup.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
PHOENIX (Ariz.) May 24.—A railroad is to be built by the Southern Pacific from Phoenix to the Cane Creek mining district, according to reports which have been current in this city. In that district are many large ledges of low-grade gold ore, which, it is believed, could be worked with profit were transportation facilities at hand. The Colorado capitalists have been approached relative to a right of way out of Phoenix. The reports say that the road would not stop at Cane Creek, but would be extended northward into the rich Bradshaw Mountain district, which is now reached by way of Prescott.

BIG POWER PLAN.

A party of Colorado capitalists visited Clifton recently, to arrange for the disposal in that camp of the power that is to be generated at the coal fields of Gallup, N. M., and transmitted electrically to Clifton, a distance of 18 miles. The party included President Forbes of the American Fuel Company, Vice-President Huft of the Victor Fuel Company, and a number of other officials of the American Fuel Company. Fuel for the Clifton region is now brought by railroad round through New Mexico from Gallup, a distance of 80 miles. The burning of the coal at the pits and the transmission of the power by wire is expected to decrease power costs in Clifton about 40 percent, and yet leave a good profit for the power company. It is proposed also to extend the system to Globe and Bisbee. Fuel at Gallup for the generation of the electricity would cost but little, as the lowest grade of coal is now considered refuse, could be used.

BUCKETEER CANAL SOLD.

Interests represented by James R. Thorpe of Denver have purchased the Buckeye Canal, which was sold yesterday under an order of foreclosure. The amount bid was \$24,182, enough to cover the indebtedness exclusive of bonds. Of the debt, \$20,000 in receiver's certificates is held by a Los Angeles bank. There has been a movement against the company in the Buckeye neighborhood, where the farmers are starting to construct a cooperative canal, paralleling the old waterway, and in a way such as the Appropriators' Canal Company has paralleled the Grand Canal near Phoenix.

WILL MANAGE FAIR.

The Territorial Fair Association has announced the names of the heads of the departments for the coming fair. Vernon L. Clark will continue as superintendent. Shirley A. Christy will have charge of the speed department. The section managers are: Mining, Randolph L. Clark; Agriculture, D. B. Heard; Swine, C. M. Ham; Poultry, C. B. Wood; Beef, William H. Hargis; Education, A. J. Matthews; Principal of the Normal School, Tempe; Agricultural, V. A. Clark, in charge of the Phoenix Agricultural Experiment Station.

A GENEROUS NOBLEMAN.

Nearly a year ago, interest was aroused by the discovery that Philip Neville, a recluse who lived upon the dumps near Salt River, was of noble birth in England, and had become heir to considerable property. Neville has used his wealth quietly, spending last summer and fall in Los Angeles, but later returning to purchase a farm near Phoenix. He has shunned publicity, though he nearly attained it by putting \$500 in bills into the contribution plate of the Globe and the Times. Though there has been an abatement of the abnormal heat of early May, the departures for the coast continue many. Among the late excursionists

from the Phoenix section, bound for Los Angeles, were H. S. Stiles, J. F. Hall, M. D. Field, C. Christin, Grace Holland, Mrs. C. E. A. Brown, E. A. Murphy, Mrs. A. J. Edwards and family, Margaret Fairchild, I. R. Rice, Mrs. John Nichols and family, M. Aurilia and wife, Mrs. G. H. Clayton, John Ming, Charlotte Osborn, Mrs. Mary Easterbrook, Eugene Garabay, Charlotte Garcia, C. W. Johnston, John Stevy, Mrs. M. E. Elvey, Lallah E. Gilum, Rosa Decosta, Dina Lowe, I. W. Love, D. McLean, Ella Pruett, William Underhill, J. J. Carter, William Coolidge, H. C. Hetherington and wife, Mrs. E. Calhoun, S. Davis, W. J. Evans, an insurance solicitor, met death by drowning in a swimming pool last Thursday at Roosevelt.

GORDON BANKRUPT, HE SAYS.

Capitalist and Would-Be Member of the Alimony Club Avers He Has Failed.

Hanford L. Gordon, whose sensational divorce suit made court history in Los Angeles some time ago, has declared himself a bankrupt. He filed his petition in the United States District Court yesterday. He represents himself, and will plead his own case. By his statement, he is \$41,000 to the bad, although popular gossip has always credited him with a ready half-million. He owns real estate, several houses, and a valuable piece of property in the Hollywood district. In his bankruptcy petition he fixes his total debts at \$240,000; his total assets at \$19,000. He appraises all his real property at \$192,000.

Gordon's opening declaration is not devoid of humor, for he places himself as "an agent and spokesman." Further particulars of his indebtedness, as carefully given, are not without points of interest. He alleges that he owes his divorce—employed in his unsuccessful divorce suit—a matter of \$30.

The items also include a ton of rolled barley, a suit of clothes for his young son, a gymnasium suit for same, and also tuition and board at school for an extended period. He owes his daughter, now Mrs. Mary L. Brassy, a promissory note, which, with interest, amounts to more than \$73,000. To Huntley L. Gordon he owes over \$71,000 on an individual promissory note, and to Huntley Gordon, as trustee for William W. Gordon, he owes \$75,000. A promissory note to the Merchants' National Bank also helps the matter along in an item of \$10,000. Small bills of various sorts, other notes, indebtedness of land purchased on installments, and items, bring the final liability figure up to its \$240,000 total.

MARINE HOSPITAL SOON.

Secretary of Treasury Gives Practical Assurance for San Pedro Institution.

A large marine hospital is a very strong probability for San Pedro. Assurances to this effect were given Lieut. Randolph H. Miner by Secretary of the Treasury Shaw on Miner's recent visit to Washington; he has just returned. Lieut. Miner took occasion to impress strongly on the Secretary's mind the necessity for such an institution, now that San Pedro is blossoming forth as a great free harbor. He reports that Shaw practically gave assurance of the erection of such a hospital almost immediately. The government stamp of approval was also put on the scheme of Lieut. Miner and the syndicate of local capitalists he represents to make some 150 acres of land at San Pedro by filling in at the low-water mark below the bluffs immediately west of the town.

The project already has the approval of the San Pedro City Trustees, and the government O. K. was the only thing wanting. Work will begin at once.

The purpose of the syndicate is to construct shipyards and a large warehouse on part of the made ground, and give the rest to the city of San Pedro for free wharves, the latter to be built into the bay on the slip system to make more room.

FUNERAL OF BEGGES.

Degenerate Who Ended His Life After Attempt to Murder His Wife Will Have Decent Burial.

An inquest was held yesterday over the remains of R. C. Begges, the convict who took his own life several days ago, after attempting to murder his wife. The verdict was in accordance with the facts.

Begges shot his wife four times a week ago, and then ran away and hid. When accosted by a policeman several days later near Eastlake Park, he drew a gun and killed himself. After the inquest at Paul's undertaking establishment yesterday, the man's body was given into the care of his son and two daughters, and they will give the body decent burial this morning.

Mrs. Begges, who still lies at the County Hospital between life and death, does not know Paul is dead. She shows remarkable vitality, and continues to improve, although two bullets are lodged in her head, and the sutures from a wound in the breast and another in the wrist.

TO HONOR DEAD HEROES.

Grand Army Post and Woman's Relief Corps Will Join in Memorial Services.

Following out their usual custom, and conforming with the rules of the order, the Bartlett-Logan Post, G.A.R., and its auxiliary, the Woman's Relief Corps, No. 7, will hold joint memorial services in their hall, No. 117 Broadway, tomorrow evening, to pay tribute to the following comrades who died during the past year: W. G. Barren, Co. F, 38th N. J. Inf.; W. H. Bonnell, Co. D, 1st Ohio Inf.; Jerry Thomas, Co. A, 7th U. S. C. T.; William Bailey, U. S. Navy; D. L. Knight, Co. C, 5th Iowa Cav.; John Payne, Co. I, 1st Cal. Cav.; M. Donahue, 1st Mich. Inf.; S. B. Stiles, Co. E, 1st Minn. Inf.; L. T. Holland, Co. A, 5th Ohio Inf.; Manuel Polva, Hatch's Minn. Cav.

On Sunday, May 27, the post and corps will attend services in a body at the Boyle Heights M. E. Church.

SALES ON MONETA AVENUE.

Winton & McLeod report sales amounting to \$10,575 since the 14th inst., as follows: In the Palm and Moneta Avenue tract, one lot corner Moneta and Bomer avenues, 50x125 feet, to E. E. Oliver; and one inside lot on Palm avenue, 50x125 feet, to Mrs. Ella Moxley, at \$750. In Winton & McLeod's Figueroa Street tract, 67x120 feet, at \$1100, one inside lot on Sixty-first street at \$450 and corner Moneta and Sixty-first street at \$1800, to R. R. Jones. In Winton & McLeod's Figueroa Street tract No. 4 lots on Moneta avenue, 40x125 feet each, to William V. Pemberton, at \$1100; one inside lot on Sixty-second street, 40x125 feet, to Charles Jackson, for \$550. In Winton & McLeod's Figueroa Street tract No. 5, one inside lot on Moneta avenue, 50x125 feet, to E. H. Hartman, for \$1000; inside lot on Sixty-second

street, 40x125 feet, to John Campbell, at \$525.

In Winton & McLeod's Figueroa Street tract No. 6, one inside lot on Moneta avenue, 40x125 feet, to Nathaniel Comstock, for \$1000; two inside lots on Seventy-first street to Mary Collins at \$500 each.

INANIMATE ZOO.

New York Animals That Lead a Fierce, but Humdrum Existence in an Endless, Bloody Fight.

Every one, says the New York Sun, knows the melancholy bears and the fighting jaguars that have been doing duty for years in this city as furriers' signs. They are the most prominent figures of the inanimate zoo of advertising wild beasts, depicted in attitude of fierce rage that their mind and sometimes incomplete countenances belie.

The New Yorker who travels on the elevated railroad down Sixth avenue has a fine opportunity to observe his favorites from the car windows. Right in the middle of the shopping district there is a furrier for nearly twenty years has displayed on the second floor of his store two beasts, said to be jaguars, clinched in deadly and apparently never-ending struggle.

For years and in all seasons the jaguar on top has been ripping his claws that were once through the yielding hide of his enemy. That unfortunate animal, snarling widely at all the world on the elevated trains. An early artistic touch was to paint the wounds red, and the rains of spring have worked havoc with these untamable beasts, but not once have they moved. Courageous hearts of ex-senior are within their frames of wood. This fight is no fake.

These jaguars are the deans of the wild beasts of the city, but there is a brown bear, once black who leans on a stick on lower Broadway that really is quite a patriarch in his way.

He is only a few months younger than the jaguar, and he shows it. His fur once was a glossy black and he stood upright, with gleaming smile, as one who should say to the passerby, "Throw me a bun."

The weather, the fierce elements, have broken his courage and tamed his gorgeous smile. In some spots, even, his hair has fallen off and he has to be pushed close to the wall to hide his nakedness.

He has no teeth where once gleamed so powerful a set. The very staff on which he leaned is getting warped and twisted and he is the bare shadow of his former self.

Near him sits a beggar who has had the place next to the store for years. The beggar is blind. The bear has only one good eye, situated now along his snout, and any day may fall to the street.

In a store window just off an elevated railroad station downtown there for food and a cat. The cat is up as a stump, body erect, tail city and swollen. The cat is inviting the dogs to climb up the stump so that she can put them into a condition where they will need a patent preparation for healing purposes.

The group has been doing this sort of thing for years. The dogs apparently have no appetite for fight and the cat seemingly a million lives. She never hunches nor thrives except that some day a dog may move her stump and then she will let fall that paw which she has had pulled for four mortal years and put him out.

For the Birds.

A bird sanctuary has been formed by Baron von Berlepsch on the greater part of his estate, Schlossent Seebach, in the northern part of Thuringia.

He has planted his domain with such trees and bushes as are favorable for the nesting habits of the birds, then supplied boxes in which the birds can safely nest and bring up their young. Finally, he provides the birds with the winter provisions necessary in a cold and exposed region where they must otherwise perish by thousands from hunger during the severe season.

Baron von Berlepsch preserves the birds as necessary to agriculture as well as out of love of them. (Fall Mail Magazine.)

RELIEF FUND DONATIONS.

The following contributions were received yesterday at the Chamber of Commerce for the San Francisco Relief Fund: Hotel California collection, \$4.25; Schools of Los Angeles county, \$20.25; International Syndicate of Baltimore, additional, \$5; a total of \$24.50; previously reported, \$24,847.77; grand total of \$25,092.27. The Allen Printing Company donated a printing bill amounting to \$55 for the fund.

No Tired Brains

when
GRAPE-NUTS

food is used
FACT!

Bread dyspepsia is common. It affects the bowels because white bread is nearly all starch, and starch is digested in the intestines, not in the stomach proper.

Up under the shell of the wheat berry Nature has provided a curious deposit which is turned into diastase when it is subjected to the saliva and to the pancreatic juices in the human intestines.

This diastase is absolutely necessary to digest starch and turn it into grape sugar, which is the next form; but that part of the wheat berry makes dark flour, and the modern miller cannot readily sell dark flour, so nature's valuable digester is thrown out and the human system must handle the starch as best it can, without the help that Nature intended.

Small wonder that appendicitis, peritonitis, constipation, and all sorts of trouble exist when we go so contrary to Nature's law. The food experts that perfected Grape-Nuts Food, knowing these facts, made use in their experiments of the entire wheat and barley, including all the parts, and subjected them to moisture and long continued warmth, which allows time and the proper conditions for developing the diastase, outside of the human body.

In this way the starchy part is transformed into grape-sugar in a perfectly natural manner, without the use of chemicals or any outside ingredients. The little sparkling crystals of grape-sugar can be seen on the pieces of Grape-Nuts. This food therefore is naturally pre-digested and its use in place of bread will quickly correct the troubles that have been brought about by the too free use of starch in the food, and that is very common in the human race today.

The effect of eating Grape-Nuts ten days or two weeks and the discontinuance of ordinary white bread, is very marked. The user will gain rapidly in strength and physical and mental health. "There's a reason."

THE CITY IN BRIEF

NEWS AND BUSINESS.

Fine Home Bought.

A. W. Wern has bought from C. A. Bannay a handsome home, No. 3508 West Twenty-fifth street for \$12,000. The deal was made by V. E. Stockwell & Co.

Civil Service Examination.

Clerk and carrier examinations will be held at the Postoffice on June 9. Both positions are for men only. Further information will be furnished by the postoffice authorities.

Memorial Service.

The memorial service held annually by the Native Sons and Daughters of the Golden West, to the memory of departed members, will be held on next Sunday at 8 o'clock in Native Sons Hall, No. 211 1/2 West Second street.

Ascension Day.

The usual Ascension Day services were held yesterday in the Episcopal church. Dean Wilkins preached in the morning and in the church of the Ascension, Boyle Heights, in the evening. At the latter church a musical social had been held on the lawn earlier in the evening.

Requestion for Blake.

Gov. Pardee yesterday approved the requestion papers of the Governor of Massachusetts for the return to that State of Thomas A. Blake, now confined in the City Jail. He was arrested at Long Beach, charged with grand larceny in the making away with a large quantity of stock certificates belonging to his employers in Boston, Flourishing School.

On Friday afternoon from 1 to 3 o'clock there will be an exhibition of pupils work at the Vernon school, and City Superintendent Moore will deliver an address to the pupils under the trees, for the reason that there are so many of them they cannot get in the hall. This school opened a year ago with 40 pupils, and now has 96, and is still in good growing condition. It is located on the Hooper-avenue car line, between Compton and Ascot avenues.

Mothers' Jewels and Home Guards.

Under the Home Missionary Society of the First Methodist Church, the Mothers' Jewels and Home Guards, two children's societies, will have their annual picnic at Hollenbeck Park tomorrow at 1:30 o'clock. These societies are composed of children of the church and others in the vicinity. The picnic will be for children from 1 year to 10 years of age and pay 10 cents for the privilege. The picnic will be made up of children from 10 to 15 years and pay dues of 25 cents. With this money they assist in the support of the York Nebraska Home for Orphans, where \$10 are cared for.

Newman Club Banquet.

Members of the Newman Club were banqueted last night in the red room of the Angelus. H. C. Dillon presided, and an interesting paper entitled "Parochial Schools" was read by J. O. Donovan. In the discussion which followed, Dillon, Dillon, and other members of the club took part. The following-named were elected directors: Count Rosetta, William E. Hampton, James C. Kays, R. C. Webster, and Joseph Scott. They will choose a president, financial secretary and a treasurer. Timothy Walsh was initiated.

Saves Man's Life.

Patrick Higgins, aged 22, former captain of the U.S.C. track team, and present a student at the Los Angeles Law School, about 10 o'clock last night saved an unknown man from being ground to pieces under the wheels of a West Adams street car. The man was drunk, and fell upon the track, face forward, where he lay quite motionless. Higgins, who was driving the car, came up Third street, just as Higgins turned the corner. In an instant he saw that the car did not have time to stop, so sprang hurriedly to the prostrate body and dragged it from the track, just in time to be knocked down himself by the front of the car. Fortunately, neither Higgins nor the drunk man was injured.

The junior class of Occidental College gave a banquet to the senior class last night at the Larchmont. This function is the most important of all the courtships extended to the graduating class, and both classes were represented by their entire membership. Acting President Dr. William B. Young was the guest of honor. Clarence Spaulding, president of the junior class, was toastmaster. The following toasts were responded to: "Terrors of Co-education," Edwin Dodge Crabtree; "Old College Days," Grace Francis Webster; "Charm of the Arroyo," Robert Cleveland; "The Rocky Road to Learning," C. Wallace Petty; "Father Bear and the Little Boy," Samuel McKee; "The Loving Cup," J. Percival Hagerman. After the toasts, Acting President W. B. Young, D.D., spoke upon the future of Occidental College.

Miss Yaw Sings to Newsies. Ellen Beach Yaw, the famous California soprano, had an audience of newsboys and others from the Newsboys' Home, the Orphan Home and the Detention Home, in the Epworth League rooms of the First Methodist Church last night. Miss Yaw sang some of her most delightful songs and pleased the boys immensely, and possibly to a much higher degree, the musically-inclined people of more mature years who were so fortunate as to be guests. There were several numbers also by Ricardo Ruiz, the famous violinist, who introduced the songs and concert. Only a small fraction of the newsboys were on hand, because nearly all of them were worn out from selling Fiesta Numbers during the time, and those still able to go were busy at the same work half the night.

BREVET TIES.

Fiesta Souvenir Book. Thirty full page illustrations of all the magnificent night electrical floats and the handiwork of the float parade are printed in the Fiesta Souvenir Book, printed on the best paper, which are ready for delivery at the Times Job Office, 115 North Broadway, Price 25 cents.

Auction. Large stock of Chinese, Japanese high-class art goods, including to San Francisco returns, and consigned to R. S. O'Neil, who will sell them at auction, commencing Saturday, May 26, 1 and 7 p.m. Marine street, next to postoffice, Ocean Park, Cal.

Dr. T. H. Morgan, dentist, 222-224 Mason Bldg., 3rd floor, cor. 4th and Broadway. Phone Home 6206, Main 4267. Extracting, root canal, X-ray, Specialties in crown and bridge work.

Oakland office, Los Angeles Times, 575 Broadway, Telephone Oakland 1447, Arthur L. Fisk representative. Advertisements and subscriptions received. Copies of The Times on file.

LADIES' BASKETBALL.

Five Teams of the Los Angeles County League and Their Showings. Local High Up.

The Ladies' Basketball League of Los Angeles county is composed of but five schools this year—Los Angeles High, Alhambra, Glendale, Los Angeles Polytechnic and Throop. A schedule was arranged for six teams, but at the last minute Compton found it undesirable to enter her team.

In the middle of the season the manager, Miss Krait, resigned on account of illness, and Miss Tucker of Compton was appointed. Owing to an oversight on the part of the league officials, the new manager was not notified of her appointment for some time. Several records of games played were found missing, and it has taken time to replace them.

As a whole the games have been well played and without ill feeling between the opposing teams at the close of the contests. The following is a record of each team's work for the season:

Played Won Lost Per ct.
Los Angeles High School 4 1 1.00
Los Angeles Polytechnic 3 2 .60
Glendale 3 2 .60
Alhambra 2 3 .40
Throop 2 3 .40

The fact that there have been no default games is to be highly commended. The Los Angeles High School holds the championship for this year and the trophy of victory, a beautiful silver loving cup, will be presented June 9 at the U.S.C. court, where the game to decide the championship of Southern California will be played.

VITAL RECORD—BIRTHS, DEATHS, MARRIAGES.

Deaths.

LORD, in this city, 1300 West Twenty-fifth street, May 10, 1934, Ollie Downing Lord, aged 72 years, native of Indiana; funeral services from the chapel of Pierce Bros. & Co., 810 South Flower street, May 11, at 3 p.m. Friends invited.

Coulter Dry Goods Co.

Bedspread Sale Today

11-4 hemmed crocheted spreads, \$1.25 grade now \$1.00, \$1.75 grade now \$1.35, 12-4 size, \$2.00 grade now \$1.65.
 11-4 fringed crocheted spreads, \$1.75 grade now \$1.35, \$2.75 grade now \$2.10.
 11-4 hemmed Marseilles spreads, \$2.75 grade now \$2.10, \$3.25 grade now \$2.55, 12-4 size, \$4.00 grade now \$2.85.
 12-4 fringed Marseilles spreads, \$5.00 grade now \$3.85.
 The above spreads are full-size, absolutely free from filling or starch, and excellent values at first quoted prices.

\$1.25 to \$2.50 Ribbons \$1 Yd.
 Such ribbons as these very, very seldom reach the bargain table, but to-day six to nine inch plain colored faille, liberty, brocaded and fancy Dresden sash ribbons of generous \$1.25 to \$2.50 value will be sold for a dollar a yard. Not a thing wrong with them except that they are odd numbers.
 We tie sash bows without charge.

Hand Bags Reduced.
 Elegant, high class bags at bargain prices. We've selected a number of the very best terra cotta, blue, gray, green and black handbags, the finest pin seal, alligator, pigskin, walrus, lizard and similar leathers, with strap and suit case handles, and reduced their prices a straight third. Every bag is warranted first class and of the highest workmanship and material.
 Shopping bags ordinarily \$10 to \$25 (and higher) now \$6.65 to \$16.65.

Veiling Sale
 The sorts of veilings most wanted this summer are selling here for 25c a yard. Other stores ask 35c to 75c for their equals. Black and colored broken and fancy mesh or chiffon veilings, 25c a yard.
35c Ruchings 15c Yard
 Short ends and odd pieces of the best selling ruchings are re-marked today at 15c a yard. Those who bought from full bolts paid 25c and 35c. Dainty soft nets, chiffons and nulls in white, black and colors included.

"Peter Pan" Waists
 The out-of-doors season is here, and we're prepared to help you enjoy it to the full with proper apparel. For general outing wear or athletic sports of any sort, the new "Peter Pan" shirt waists, made with short sleeves and wide, soft turndown collars, are unapproachable for comfort. Priced according to materials, from \$2 to \$8.50.

Silks—The Season's Best
 Rajah Pongees—we can hardly keep pace with the demand for them, particularly in the gray, old rose and reseda green shades so much wanted, and new in pongee weaves. Rajah is the most satisfactory pongee on the market, 30 inches wide, \$1.25 a yard.
 Among fancy pongees the Bagdad Jacquard weaves easily come first in popularity. Shown here in a good shade assortment, and reduced from \$1.25 to \$1.00 a yard.
 A most exhaustive selection of silks in black and white or white and black checks is displayed by us. No less than twelve distinct sizes from the tiniest pin check to the large, both taffeta and louisine weaves. Price, one dollar a yard.
